

ENVIRONMENT & SUSTAINABILITY POLICY

At PMG, we are committed to adopting and promoting practices that enable us to operate in an environmentally safe and sustainable manner.

Reducing our environmental impacts and continuous improvement in our environmental performance is an integral part of our business strategy and operating methods.

OUR COMMITMENT

Maintain, as a minimum requirement, the ISO 14001 Environmental Management System as the framework for continually improving our environmental performance.

Protect the environment by preventing pollution and promoting activities that help mitigate the effects of climate change.

Comply with or exceed the requirements of all relevant environmental legislation and codes of practice and compliance obligations.

Make efficient use of natural resources, including gas, electricity, and water, to reduce our carbon footprint.

Operate effective procedures for reducing, reuse, and recycling waste and safe storage and disposal of unavoidable waste.

Work in partnership with our suppliers to promote effective environmental supply management, encourage sustainability and wherever possible purchase products and services that have the least impact on the environment.

Assess the environmental impact of any new equipment, process, or product we intend to introduce in advance.

Ensure the effective implementation of environmental policies and procedures by providing appropriate information and training to our employees and encourage their participation in environmental improvement activities.

Establish environmental targets and objectives and report our performance against them.

Address complaints about any breach of our Environmental Policy promptly and to the satisfaction of all interested parties

Work in partnership with our suppliers to promote effective environmental supply management, encourage sustainability and wherever possible purchase products and services that have the least impact on the environment.
