

USE OF COMPANY ASSETS POLICY

The use of PMG assets for personal profit or any unlawful, unauthorized personal or unethical purpose is prohibited. Our information technology, intellectual property (e.g., copyrights, patents, and trademarks), facilities, equipment, machines, software, and cash may be used for business purposes only, including responsible and accurate expense reimbursement, and in accordance with applicable policies.

Other assets (e.g., computers, printers, and copiers) may be used for minor and incidental personal purposes provided such use is kept to a minimum, and does not create any significant incremental costs, interfere with work duties, or violate any laws or PMG policies. The use of any PMG resources for personal political activities is prohibited.

Computer hardware, software, data, and facilities are valuable resources that need protection from potential destruction, theft, or misuse. These resources may also include confidential client or PMG information that requires safeguarding. It is your responsibility to prevent unauthorized access using ID badges, passwords, or other security codes, and physical security measures (such as using computer cable locks, not leaving computers unattended in cars, and other normal precautions).

Copyrighted materials (e.g., books, music, software, and magazines) should not be reproduced, distributed, or altered without permission of the copyright owner or an authorized agent. Software used in connection with the business of PMG should be appropriately licensed and used only in accordance with that license. Using unlicensed software could constitute copyright infringement and may be grounds for disciplinary action.
